

1MW Energy Storage Battery Cabinet Product Warranty

Overview

25-Year Warranty: Comprehensive 25-year warranty coverage for the energy storage system. **CE and TUV Certified:** Product meets international safety standards with CE and TUV certifications. **High-Efficiency Energy Storage Solution:** This 100kw solar power lithium battery system is designed to provide a reliable and efficient energy storage solution for various applications, including home, commercial, and industrial use. The company specializes in. In case the warranty conditions in this Document are inconsistent with the sales contracts between the Buyer and Huawei, the terms in the sales contracts shall prevail. Huawei C&I energy storage system (ESS for short) is primarily used in C&I scenarios and works with the SmartPCS, DDC, and SACU. The equipment features energy-saving, small footprint, high energy density, and strong environmental adaptability. 0% This product has acquired the relevant.
