

About JA Solar Panel Company

Overview

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, commercial and utility projects. With this system, DC electricity is converted into AC by an inverter and monitored by a meter box. The generated electricity can be used by the household or sold. The Leading Solar System & Solar Products Provider Company - PV Solar products Manufacturer, Solar Panel Suppliers India – JaSolar Unlock the Latest Insights on DeepBlue 5. 0Contact Us Module AuthenticityDownloadsAfter-sales Service PlatformSpeak Up Home About Us Overview Corporate Culture Chairman. JA Solar Holdings Co. They design, develop, manufacture and sell solar cell and solar module products and are based in the People's Republic of China. The company is also engaged in the manufacturing and sales of. One of China's largest PV manufacturers, JA Solar, has announced a global rebranding and change of name to JA. The company said the move reflected the company's evolution from PV module manufacturer to a “fully integrated green energy ecosystem partner”, spanning power generation, energy storage.

Article Content

JA Solar Holdings
