

Finding Energy Storage Projects

Overview

Find exactly what you need in seconds. Daily updates powered by AI technology scanning thousands of news and tender sources worldwide. Access Project descriptions, ownership details, capacity specs, capEx data, and contract information. Energy storage plays a pivotal role in the energy transition and is key to securing constant renewable energy supply to power systems, regardless of weather conditions. Due to the rising demand for. The New York City Industrial Development Agency (NYCIDA) has approved five battery energy storage system (BESS) projects while governor Kathy Hochul has announced groundbreaking on a sixth, altogether totalling around 42. Additionally, these projects will provide meaningful benefits to Disadvantaged Communities and Low-to-Moderate. Explore the largest battery storage projects in New York and see all the utility-scale battery storage projects in New York on a map.

REPORT: US Energy Storage Installations Through Q3 2025 Surpass

Wood Mackenzie projects Q4 2025 will set a record for the residential sector as customers accelerate installations ahead of the Section 25D tax credit expiration. The Community,

Top 109 Energy Storage startups 2026

Country: USA | Funding: \$4.9B Recurrent Energy, a subsidiary of Canadian Solar Inc. (global renewable energy company) that is building one of the world's largest and most

Eelpower Energy acquires Stoneworthy battery storage project in

Eelpower Energy, backed by Equitix, Aware Super and the National Wealth Fund, has completed its fourth asset acquisition with the purchase of the 50 MW/100 MWh Stoneworthy battery

Australia: The 2025 NEM Battery Energy Storage

Australia has a massive pipeline of grid-scale battery energy storage projects. 16.5 GW of new battery projects could arrive in the NEM in the next 3 years.

Powering your clean energy transition | ENERGYNEST

Energy storage is at the heart of energy transition – powering the move to a renewable future for industry and ending fossil fuel dependency.

Power, Renewables & Energy: 2025 M& A Review, 2026 | FTI

Renewable energy M& A slowed in 2025 due to high capital costs, supply chain rules and policy pressure, though credit deadlines revived interest.

Ark bags grid connection for 435MW solar-plus-BESS in NSW

Ark Energy has been granted approval by AEMO and Transgrid to connect its 435MW Richmond Valley solar-plus-storage project to the NEM.

Oman power company signs 2.7 GW PPA for continuous wind-solar-storage ...

Oman power company signs 2.7 GW PPA for continuous wind-solar-storage project
The gigawatt-scale solar, wind and battery project developed by O-Green Energy expected to provide

New York Battery Storage Project Map & Project List

Interactive map of battery storage projects in New York. View project locations, the largest developments, and capacity data.

Energy Dome | Grid-Scale Capacity

Energy Dome's technology platform delivers reliable, cost-effective, safe capacity. Firm, dispatchable power at grid scale - operating today.

Energy Storage Program

Energy storage is essential to a resilient grid and clean energy system. Learn about the types of energy storage, available incentives, and more.

Stem | Global leader in AI-driven clean energy solutions

PowerTrack™ The industry-leading comprehensive suite for solar and storage assets, offering advanced analytics, remote diagnostics, and performance

Top 10: Energy Storage Projects

From the UK to the UEA and USA to Australia, Energy Digital Magazine runs through 10 of the most impressive energy storage projects worldwide

Lazard Releases 2025 Levelized Cost of Energy+ Report

NEW YORK, June 16, 2025 – Lazard Inc. (NYSE: LAZ) is proud to announce the release of the 18th edition of its Levelized Cost of Energy+ (LCOE+) report, a

Global Battery Energy Storage System (BESS) Projects Database

Track global battery energy storage (BESS) projects from upcoming to contract awards. Identify owners, bidders, timelines, and verified contact details. Start a free trial.

Biggest projects in the energy storage industry in 2024

Following similar pieces in 2022/23, we look at the biggest energy storage projects, lithium and non-lithium, that we've reported on in 2024.

New York launches 42.5MW of BESS with like-for-like gas replacer

The New York City Industrial Development Agency (NYCIDA) has approved five battery energy storage system (BESS) projects while governor Kathy Hochul has announced

CCUS Projects Explorer – Data Tools

Covers all large-scale CO2 capture, transport, storage, and utilisation projects commissioned or in planning worldwide. The IEA established this

Saudi Arabia commissions its largest battery energy

Saudi Arabia has officially connected its largest battery energy storage system (BESS) to the grid, marking a significant milestone in the

Sungrow, Sunotec Commission 600 MWh Battery Storage Project in

Sungrow and Sunotec have commissioned a 150 MW/600 MWh battery energy storage project in Bulgaria, supporting renewable energy integration and grid stability.

Cypress Creek Energy Secures \$3.5 Billion to Advance One of

About the Project The Steel River Energy Center is one of the most significant new solar plus storage energy infrastructure projects in the nation, designed to help meet rapidly growing

Our Battery-Based Energy Storage projects and achievements

TotalEnergies develops battery-based energy storage solutions, which are essential complements to renewable energies, mainly in Europe and the United States.

Storage Data Maps

View data on all the projects approved by NYSERDA's Retail and Bulk Energy Storage incentive programs. Data includes completed projects as well as projects that have been approved for funding

Cypress Creek Secures \$3.5 Billion to Build One of the Largest Solar ...

Renewables developer and power producer Cypress Creek Energy announced that it has secured \$3.5 billion in financing to fund the construction and operation of the first two phases of the

Rolls-Royce and Voltaria to build a 43 MW large-scale

Rolls-Royce has begun construction on an EPC contract from Voltaria Helios Energy Storage to supply a battery energy storage facility in
