

Modular Battery Cabinet 50kW Specifications

Overview

This 50kW/50kWh battery system includes ten LiFePO₄ modules, a 50kW inverter, and a smart EMS/BMS, all housed in a compact IP54 cabinet. It delivers reliable storage for peak load shaving, solar optimization, or backup support. The HUA POWER 50kW/100kWh PV + Battery ESS is a fully integrated, all-in-one energy storage solution designed for industrial, commercial, and microgrid applications. Housed in a single indoor cabinet, it combines a high-performance 50kW power conversion system with 100kWh of advanced LiFePO₄. Energy Cube 50kW-100kWh C&i ESS integrates photovoltaic inverters and a 100 kWh energy storage system. It includes battery cells, Battery Management System (BMS), photovoltaic inverters, fire protection. Individual pricing for large scale projects and wholesale demands is available. Reduce. is the perfect option to bulky 'lorry container' BESS solutions. The unit supports long battery cycle.
