

Monocrystalline 535W photovoltaic panel specifications

Overview

QSun Solar CSUN535-144M solar panel review and full specs: 535W power output, 20.70% efficiency, Monocrystalline cells. Founded in 1997, Trina Solar is the world's leading total solution provider for solar energy. With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong. The QSun Solar Mars Series of photovoltaic panels has been designed for high operational stability in real roof conditions – where resistance to partial shading, aesthetics, and consistent performance are key. The use of modern monocrystalline half-cut cells allows for reduced losses and better. STC: Irrdiance 1000W/m², Cell Temperature 25°C, Air Mass AM1. *Measuring tolerance: $\pm 3\%$. Solar Panel Series 535W Solar Module. Detailed profile including pictures, certification details and manufacturer PDF.
