Solar News & Renewable Energy Updates | pv

Latest news on India's solar market, manufacturing, energy storage, policy developments, and renewable energy technologies.

Handbook of Photovoltaic Science and Engineering

Encompassing a review of past work and the fundamentals in solar electric science, this is a leading reference and invaluable resource for all practitioners, consultants, researchers and

Overview and key findings – World Energy Investment

Power sector investment in solar photovoltaic (PV) technology is projected to exceed USD 500 billion in 2024, surpassing all other generation sources

IEA – International Energy Agency

The International Energy Agency works with countries around the world to shape energy policies for a secure and sustainable future.

Photovoltaics and electricity

Solar photovoltaic cells are grouped in panels, and panels can be grouped into arrays of different sizes to power water pumps, power individual homes, or provide utility-scale electricity generation.
