

Vilnius energy storage cabinet manufacturing project

51.2V 300AH

Overview

This project will become Lithuania's largest battery storage facility that is privately owned, boosting the country's total storage capacity by approximately 50%. The project is located near Vilnius and will be operational by the end of 2025. This facility, which is set to become Lithuania's first commercial battery storage site, will significantly increase the country's storage capacity by around. E-energija Group has commenced construction on Lithuania's largest battery energy storage system (BESS) project, the 120MWh Vilnius BESS. AB "Miesto gijos" (trademark "Gijos"), which manages the energy ecosystem of the capital city, together with private partner UAB "Zakaras Holding", has completed the acquisition of shares from UAB "Future Energy".
